

STAGE 1

Stage One Restrictions begin when the [aquifer level](#) drops to 660 feet mean sea level at the monitored well.

- **Water waste is prohibited at all times.** Water waste includes allowing water to run off into a gutter, ditch, or drain; or failing to repair a controllable leak.
- **You should reduce water consumption by any means available.**
- **All non-public swimming pools** must have a minimum of 25 percent of the surface area covered with evaporation screens when not in use. Inflatable pool toys or floating decorations may be used.
- **Hand watering** with a hand-held hose, soaker hose, drip irrigation, bucket or watering can is permitted any time and any day.
- **Washing impervious cover** such as parking lots, driveways, streets or sidewalks is prohibited. Health and safety exceptions to this rule may be requested from the City of Kirby in writing.
- **Residential washing of vehicles** or other equipment is allowed only on assigned watering days and times. A hose with an automatic shut-off nozzle or bucket of five gallons or less may be used. Water should not be allowed to run into the street.
- **The use of commercial car wash facilities** is allowed any day.
- **Operators of golf courses, athletic fields and parks** must submit a conservation plan to City of Kirby. For submittal requirements operators should contact City Hall water Department at 661-3198. Golf courses, athletic fields and parks may not irrigate between the hours of 10 a.m. and 8 p.m.
- **Landscape areas on golf courses** not directly "in play" are required to follow one-day-per-week watering based on address unless otherwise instructed by Kirby.
- **Use of fountains, waterfalls,** or other aesthetic water features — outdoors or indoors — is prohibited, unless a variance has been granted for 100 percent non-potable water use.

Landscape Watering

Watering with an irrigation system or sprinkler is allowed only once a week before 10 a.m. or after 8 p.m. on your designated watering day as determined by your address:

Last Digit of Street Address	Watering Day
0 or 1	Monday
2 or 3	Tuesday
4 or 5	Wednesday
6 or 7	Thursday
8 or 9	Friday

No watering on weekends

Areas without a street address, such as medians and neighborhood entryways, water on Wednesday.

Water for Generations

City of Kirby's cheapest source of water is conservation — water we don't use. That's why our proven [conservation programs](#) have become a cornerstone of the community's [long-term water management and supply strategy](#).

With your help, we can keep Kirby's rates among the lowest in the nation, while managing tomorrow's water today.
