

Notice of Construction

City of Kirby Residents,

As we continue working to improve our city streets, the City of Kirby Public Works Department will begin working on Jaenke Street utilizing our asphalt zipper to prepare the road for pavement. We will be preparing the roads a block at a time and have detour signs set up accordingly. The roadwork will begin January 23rd at the intersection of Jaenke St./ Old Seguin Rd. working toward F.M. 78. Work will take place Monday through Friday 8am-4pm. We're sorry for any inconvenience this may cause.

For any concerns, please contact Frank Salazar Public Works Director at 210-661-3198 ext.111

Thank You,

City of Kirby Public Works
