# **ABOUT THE CITY OF KIRBY**

Kirby has been an established community since May of 1955. The City of Kirby, located eight miles west of Randolph Air Force Base on FM 78, and three miles east of Ft. Sam Houston Joint Base, is primarily a residential community with a population of approximately 8,765 and occupies about 2 square miles.

A plantation man from South Carolina, named Kirby, owned land containing large trees, which he cut and used to make railroad ties. Kirby selected the area where the City is located to stockpile his railroad ties and when crews needed more, the common remark "Kirby Ties" was used as method of identification.

Railroad construction actually began about 1890 and Kirby came on the scene between 1900-1910. The City was incorporated in 1955. Just a short drive from San Antonio, Fort Sam Houston and Randolph, Kirby operates under a home rule charter and council-manager form of government consisting of a mayor and six council members.

The Mayor is Janeshia A. Grider and the City Manager is Dr. Brian Rowland. The City Council includes Sylvia Apodaca, Chris Garza, Maria D. Lozano, Joe Molina, Sally J. Hitt and Mike Martin. City Hall is located at 112 Bauman Street. Council meetings are held at 7 p.m. on the second and fourth Thursdays of each month.

Children attend school in the Judson Independent School District at Hopkins Elementary, Kirby Middle School, and Wagner High School. CPS Energy provides natural gas and electricity to the City and wastewater treatment is through the San Antonio Water System. Kirby has its own water supply from two wells. Solid waste and recycling are collected under a contract with Republic Services.

REVISED SEPTEMBER 2021

CODE ENFORCEMENT

1 October 2023

Honorable Mayor Grider and City Council

RE: Fiscal Year 2023-2024 Approved Budget

Enclosed with this letter, you will find a comprehensive breakdown of the budget, highlighting the allocation of resources for various programs, and initiatives within our department. The approved budget is a result of careful consideration, collaboration, and analysis by our team to address the needs and priorities of our community while maintaining fiscal responsibility. Our primary focus continues to be on enhancing the quality of life for our residents, supporting economic growth, and ensuring the deficient delivery of essential services.

I would like to emphasize a few key points from the approved budget:

- 1. Investment in Infrastructure: A significant portion of the budget has been allocated to be address critical infrastructure projects, such as road maintenance, and utility upgrades. These investments will contribute to the long-term sustainability and vitality of our city.
- 2. Public Safety: We have allocated resources to ensure the safety and security of our residents. This includes funding to increase pay, training programs, and the acquisition of essential equipment for our police and fire departments.
- 3. Community Engagement: Recognizing the importance of community engagement, we have set aside funds for communication, newsletters, cultural events, and outreach programs that foster a sense of unity among our diverse population and business.

Thank you for your continued leadership and dedication tour community. I am confident that the approved budget reflects our shared vision for Kirby's growth and success.

Kindest Regards,

William R. Hilburn Jr Acting City Manager

# FY 2023 - 2024 Annual Budget

### **BUDGET STRUCTURE**

The City operates on a fiscal year that begins on October 1<sup>st</sup> and ends on September 30<sup>th</sup> of the succeeding year. The fiscal year will also be established as the accounting and budget year.

The budget document is divided into the following fund groups. These fund groups account for all the City's revenues and expenditures.

### **General Fund**

The General Fund is the primary operating fund for the City. It is viewed as the general government fund and accounts for a vast number of financial resources, except for resources required to be accounted for in other funds. This includes expenditures for general government, public safety, streets and parks.

### **Enterprise Funds**

Enterprise Funds are used to account for governmental activities that are like those found in private businesses. The major revenue source for these funds is the rate revenue generated from the customers who receive the services provided. Expenses for these services are paid for through revenue generated from services provided. The Water/Sewer Fund is the City's only enterprise fund. This fund is used to account for the operations of the water, wastewater and refuse services in the City.

### **Debt Service Funds**

The Debt Service Funds are used to account for the debt service portion of property tax revenues received. Debt service taxes are specifically assessed for the payment of general long-term debt principal and interest. The use of a separate fund ensures that debt service tax revenues are not commingled with other revenues and not used for any purpose other than debt repayment.

### Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of certain specific revenue sources that are legally restricted to expenditures for specified purposes. The ARPA Fund is the City's only Special Revenue Fund. This fund was established to provide budgeting and accountability of grant revenues received through the American Rescue Plan Act of 2021 (H.R. 1319).

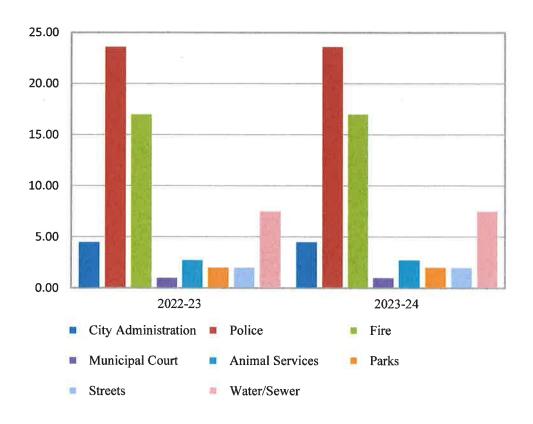

### Capital Improvement Funds

Capital Improvement Funds are used to account for all major capital improvements that are financed by the City's general obligation bonds, revenue bonds, and certificates of obligation.

GENERAL FUND-10 CITY COUNCIL - 510

The City Council is the legislative and government body for the city and is composed of a mayor and six council members. The Mayor and Council are elected at-large. All serve two-year terms. City Council enacts ordinances, which ensure the health, safety, and welfare of residents. The council's commitment to addressing citizens' concerns remains resolute, shaping a promising path for our city's development.

City Council members are responsible for acting as the city's legislators. Their primary duty is policymaking, which includes identifying the needs of local residents, formulating programs to meet the changing requirements of the community, and measuring the effectiveness of ongoing municipal services.

Council meetings are scheduled for 7:00 P.M. the second and fourth Thursday of each month.

### GENERAL FUND-10 CITY ADMINISTRATION - 520

The City Manager is appointed by and reports to the Mayor and City Council, advising City Council on present conditions and future City requirements. The City Manager is ultimately responsible for all services provided by the city. The City Manager's Office creates and presents the City budget, administers policies established by the City Council, appoints City employees, and has administrative oversight of all City departments, programs, and projects.

The City Secretary is responsible for providing administrative support to the Mayor, City Council, and staff. Preparing and posting all legal agenda and meeting notices, providing staff support to the City Council and Council-appointed Boards; preparing documentation for and recordings of official City Council minutes, ordinances, resolutions, and other related business; maintaining official city records and overseeing records management. In essence, the purpose of the department is to maintain and enhance the partnership among citizens, elected officials and city employees through efficient and effective management and delivery of all public services.

The Finance Director is responsible for monitoring and accounting for all financial transactions of the City. In addition, the department is accountable for establishing, monitoring, and updating the City's fiscal and purchasing policies to ensure they are both responsive in the current environment and in compliance with applicable state and local regulations. The activity of this program is tasked with planning, collecting, recording, summarizing, and reporting the results of all financial transactions of the City in a timely manner and in accordance with generally accepted accounting principles (GAAP), ensuring compliance with applicable state and federal statutes, bond covenants, grant contracts, and management policies. The mission of Financial Services is to maintain the financial integrity of the City and provide comprehensive and integrated financial management, administration, and support services to City departments and other customers so that they can accomplish their missions.

The Human Resources Director is responsible for providing services to all City departments in areas of recruiting, employee relations, records maintenance, benefits administration, retirement programs, employee injuries, and compensation. Policy is determined by the City Manager.

GENERAL FUND-10 FIRE - 550

The Kirby Fire Department is dedicated to providing excellent services with fire suppression, rescue and medical services that consist of basic life support with mobile intensive care to all citizens and visitors of Kirby. These services are accomplished through the following divisions: Administration, Fire Suppression and EMS Operations. The Kirby Fire Department is dedicated to improving the ISO rating for the City of Kirby. This is accomplished with the starting of a Fire Enforcement Program. Having in-house Fire Inspectors, instead of outsourcing inspectors, we can develop annual fire inspection programs, to ensure safety of all citizens and visitors. With improvement of the ISO rating, property owners could see a decrease in insurance rates.

## CITY OF KIRBY 2023/24 ANNUAL BUDGET

## WATER/SEWER FUND-20 WATER/SEWER-500

The Water/Sewer Department is responsible for sourcing, treating, and distributing potable water to homes and businesses. The Water Department also maintains the city's water and sewer infrastructure and allows for the proper discharge of wastewater and sewage. This maintenance includes repairing water mains and sewer pipes, pumps, valves, storm drains and well sites. To ensure the sustainable use and protection of the city's water resource, the Department may implement water conservation and pollution prevention programs. The goals are to ensure that the community has access to clean drinking water, adequate water supply for emergency fire services and protect the public health and environment with proper wastewater management.

The Utility Billing Department is responsible for the billing and collection of all water, wastewater, and garbage revenue. These tasks include billing, collection, customer relations, utility service connections and disconnections, computer data entry and reporting utility data to management.

The Public Works Director is responsible for managing and directing all activities and operations involving the City's Public Works activities. The Public Works Director is also responsible for addressing inquiries and/or issues, both verbal and written, related to the department's operation and for establishing the management objectives of the department.

The Foreman is responsible for overseeing and coordinating operations and maintenance activities within the water and wastewater utility systems. Overseeing operational and maintenance planning, scheduling, and controlling at water/wastewater plant.

The Water Utility Worker is responsible for repairing and maintaining the city's water distribution and wastewater collection systems in a safe, effective, and efficient manner in order protect public health and safety, while ensuring compliance with state rules and regulations.

The Water Utility Clerk is responsible for providing customer services for city utilities, including managing billing accounts and payments.

The Administrative Program Supervisor is responsible for supervising, planning and oversight of maintenance activities and operations of the City's water or wastewater treatment plants and water distribution/collection systems.
