

## Proper Cart Placement Is the Key to Automated Service

- ✘ Place the cart at least 3 feet from other objects, like trees, poles, fire hydrants, mailboxes, electrical boxes, cable boxes, etc., and at least 3 feet away from cars so the automated arm can reach your cart.
- ✘ Please have this same distance of 3 feet between your recycling and waste carts.
- ✘ Don't lean anything against the cart.
- ✘ Don't place your cart under a tree.
- ✘ Place carts 1 foot from the curb or edge of the street.
- ✘ Remember to have the handle toward your house, with the lid closed.
- ✘ Please don't allow children to play in or around the carts. Republic Services trucks use mechanical arms to pick up the recycling and waste carts.
- ✘ Do not put paint, hot ashes, light bulbs, computer screens/keyboards or other electronic items with a plug in your recycling carts.

**Waste** should be placed in the waste cart provided and should not exceed 50 pounds.

**Recyclable materials** should be placed in the recycling cart provided and used just for recyclable materials.
